My disney experience walt disney world

To content Up your social game by taking the most magical play during your Disney World vacation. If you're traveling to Walt Disney World, chances are you've nailed the organization's game. You went crazy getting a booking at Be Our Guest six months before you left town, wove the complicated FastPass+ booking network, and yes, admit it: you've set up a spreadsheet schedule for the whole week. It makes sense, so that you want to put some pre-planning into a photo vacation game, and aim to take amazing Instagrams through the usual selfies with Snow White and midnight photos of Cinderella's Castle. Since the snap-happy ride never expected a secret private photo shoot (for free!), here's how to get the best photos in Walt Disney World history, no filters necessary. Are you back for a break in the middle of the day? Instead of taking Disney Resort Transportation to your hotel, swing by Art of Animation instead, which is essentially a giant Instagram playground. Big Blue Pool is surrounded by jumbo-sized favorites from Finding Nemo, the Lion King section is full of beloved characters, and the Little Mermaid area completely enlivens the movie, which will easily earn plenty of double taps. The highlight of the pit-stop is the Cars section, which fully recreates Radiator Springs and all the famous cars and monuments, all the way to the pool inside the Cozy Cone Motel. Tomorrowland Transit Authority PeopleMover gets a slack for a nap, but what's missing in excitement makes up for the doubling as a moving, Instagram tour. Hop on board and use the iPhone burst mode to capture all the kinetic energy flying in and out of Tomorrowland, as well as some unexpectedly bright Cinderella Castle shots. At Blizzard Beach, the chairlift offers amazing views of Mount Gushmore, and the entrance platform to Magic Kingdom's Walt Disney World Railroad will allow you to take a simple shot over Main Street. Rides like Splash Mountain and Big Thunder Mountain Railroad have great prospects, but taking a photo can mean saying goodbye to your phone. Instead, choose a mid-ride photo as you climb to the top of Expedition Everest, which offers expansive views and gradual immersion, giving you enough time to hide your cell. Ask them to sit in the front row and you'll get a clear shot of these famous twisted tracks, not to mention an avalanche of likes. The Eiffel Tower in France or Japan's massive pagoda may seem like photographic home runs, but the best EPCOT photos are actually in the details. The intricate tiles and wall paintings throughout Morocco's pavilion were carefully grouped by the king's personal craftsmen, making it too easy to take a picture by laying out these tiny hearts. It's a home run for Insta-novices too, just enter the often-ignored Moroccan-style museum and hone your stunning photos alone. Each The shop and restaurant throughout the World Showcase has immaculate details, too, including hand-painted ceilings in China, UK centuries of architecture, or Disney's take on the famous Butchart Gardens in Canada, which are fully exaggerated each season. Everyone has seen a picture of the Tree of Life of the Animal Kingdom, but your followers probably are not initiated into the real mega-madness that is the smiling yellow Cementosaurus inside the Park Dinoland USA. Disney Imagineers are immensely skilled at blowing things up to out-of-this-world proportions, whether it's a bug-sized trek through the grass at Honey, I Shrunk Kids Movie Set Adventure or the 50-foot waterfall built into the Lost City-style pyramid at Disney's Coronado Springs Resort, all of which make crazy-good Instagram posts. The bigger-is-better theory applies best in the All Star Movies, Sports and Music resorts, where big footballs, huge cowboy boots and a giant bedroom remake of Andy from Toy Story will make you feel the size of thanks compared to the tall Woody and Buzz Lightyear. Believe it or not, it is possible to take dreamy pictures in front of Cinderella Castle without having to Photoshop out fellow visitors. A well-guarded secret is that some restaurants, such as Crystal Palace and Cinderella's Royal Table, will serve breakfast for an entire hour before the famous rope drop in the park, allowing only diners to the park. Disney PhotoPass photographers are on hand, too, meaning that French toast and Mickey waffles can essentially come up with a private photo shoot. Get ready for success by organizing bookings for two different days and check the calendar as your trip approaches - Extra magical hours that can start as early as 8am are the only thing that can spoil your shot. When you run from ride to ride or join a crazy dash to earn seats for Fantasmic! over time, it is too easy to miss small things. Disney Parks are obsessive with their focus on detail, up to minutes of colors, signs and artwork that most visitors will completely look at. Animal Kingdom's Harambe Village is one such place where graffiti and fliers are full of insider-y nod to all things Disney, like lacquered ads for real shows inside the park and Mickey's bootleg graphics on many distressed walls. Guest Relations' office at Hollywood Studios is tipped inside the Antiques and Curios store, with enough golden shots to fill the feed for a few weeks, and the small details in Adventureland's pews alone will give you plenty of snaps that your followers will love. No matter where you are on a Disney property, a huge thought has been put into everything from the ceiling to the carpet, so look a little closer and you're bound to discover something special. © Copyright . All rights reserved. Printed from the of this link to be which may or may not comply with accessibility guidelines. Go to Walt Disney World Content can be a dream come true a place for families, couples and friends, but visiting this amusement park in Orlando without knowing that the land is a challenge. Since restaurants open up six months in advance, and rides can be booked sixty days before arrival, simply winging it is not a move at Disney World. Fortunately, you won't have to keep your nose in the guides for the next year to survive, because we've done everything as simple as possible with this ultimate Disney guide. There is no need to spend time on discussion forums or frantically Google which fastpass attractions. Think about the answers to your questions, your planned trip, and Disney's official holiday set, with this free knowledge: Whatever you imagine, think bigger. With four theme parks, two water parks, multiple golf courses, a sports complex, 25 hotels and countless restaurants, this is less of a holiday destination and a more sprawling city with Mickey Mouse as mayor as it ends up being the property as much as half an hour's drive away. Unlike Disneyland, this behemoth theme park is impossible to conquer in one day, so get ready to pace yourself. Each of the four main parks has a distinctive theme. Magic Kingdom is the most magical place on earth, with a castle, a princess and all the nostalgic classics. Epcot is two parks in one, with technology and future-time attractions, as well as around the world, where you can dine and drink a bonanza. Disney's Hollywood Studios is fully film-centric as well as a place for all things Star Wars, while Disney's Animal Kingdom is a combination of animal reserve, international experience and otherworldly wonderland, thanks to the new Pandora Expansion: The World of Avatar. If you don't have tickets to parks or water parks, explore Pixar's pixar hotels, as well as Disney Springs, a revitalized area formerly known as Downtown Disney and Pleasure Island that has shops, entertainment and activities open to the public. A busy season usually coincides with when children are out of school, but some weekends and holidays, such as Labor Day, are reliably slower. While crowds tend to grow towards the end of the year, the park is pure magic around Halloween as well as during the holiday season (from early November to early January) when no spending is spared on décor. Booking a Walt Disney World vacation is very similar to wedding planning: there are plenty of moving parts, endless options for all kinds of budgets, and you'll want to be tired of cancellation dates. We've rounded up plenty of tips for beginners as well as an additional list of tips, but whether you're a Magic Kingdom-bound beginner or veteran, we recommend following our Disney Planning Checklist to make sure every part of your vacation goes smoothly, and admission can be purchased separately or together, so consider to check out Disney's discount page and consider pricing options to see which works best for you. Most importantly, sign up for My Disney Disney a virtual planning guide that organizes hotel, hotel and ticket reservations and reserves FastPass+ options in one convenient place. Choosing a park doesn't have to be stressful. This convenient comparison of each Disney resort and a short list of the best non-Disney hotels to stay in will make your choice very large. The main difference is that Disney-operated hotels offer exclusive benefits such as Extra Magic Hours, which provide extra time in parks each morning or evening, as well as early Booking FastPass+, free MagicBands and Disney Magical Express bus transportation, while outdoor properties can often be more profitable or, in the case of the impeccable Four Seasons Resort Orlando at Walt Disney World Resort , much more luxurious. Many hotels are close to Disney parks, but only a few are strolling Disney's Contemporary Resort offers a path to Magic Kingdom, while Disney's BoardWalk Inn, Yacht Club Resort, Beach Club Resort and Walt Disney World Swan and Dolphin have a pedestrian entrance at Epcot's World Showcase. Walt Disney World sells two ticket formats for the theme park: one-day and multi-day, which lasts from two to 14 days. Both can become park hopper tickets for a fee, allowing guests to visit multiple theme parks each day, or park hopper plus, which offer additional access to water parks and golf courses. (These add-ons can also be purchased separately.) Do not forget to check the current special offers or feel the need to have a ticket on arrival days late or leave early; there is much to do without paying for admission. Get ready for smiling faces, waving your hands and greetings Welcome home!, even if you've never been before. The staff is very friendly, helpful and happy to answer your questions at any time. If problems arise, visitor service centers in parks can solve almost anything for you. Walt Disney World is really your little world, along with lots of lingo that for the first time can be overwhelming, so consult with our Disney Glossary for translations and definitions of all Disney terminology. From popcorn stands to AAA Five Diamond Award winners, Walt Disney World offers all kinds of dining experiences. All four theme parks have quick service options, table-service restaurants and dining options where royals, movie heroes and mickey mouse mice wander around the restaurant to welcome guests individually. Disney Springs has also become an amusement park for food with more new restaurants and food stalls than anywhere else in Orlando. Don't miss the incredible range of dining experiences outside the parks at Disney hotels just because you're not there — it's practically a must. Restaurants start booking 180 days in advance and require warranty credit card; does not show and on the same day the cancellation will induce a \$10 fee per person. If any of them seem overwhelming, Disney World vacation packages offer Disney Dining Plan, which allows guests to pay in advance for meals in exchange for credits for meals that can be used every day. Disney parks are also very sympathetic to food restrictions and allergies, so you should ask to come if necessary. Although Walt Disney World is inextricably linked to childhood, imbibes options on real estate are unmatched. The resort boasts not only one of the most impressive sommelier programs in the country, but creates interesting cocktails, unique beer lists and a wide wine menu for its properties. From the bars to the tequila cave, there are plenty of wonderful watering holes, and if you haven't been indefinitely, Epcot's World Showcase is essentially a worldwide crawl bar. Many Disney World drinks are cult favorites, and more recently, alcohol is (technically) served in all four theme parks. The Magic Kingdom was famously dry, but a selection of wine, champagne or beer is now offered to serve customers in some restaurants serving tables. Disney World offers low-key attractions for toddlers and an action aversion, but there's plenty for thrill seekers, too, with rides featuring huge drops, corkscrews, serious G-forces and even inversions. Unlike traditional theme parks, everyone will find something for themselves here and it is easy to get the best places or skip the expectation. Many attractions include FastPass+, a Disney program that allows all guests to bypass the line on multiple rides every day. Plotting which rides to FastPass in advance is more art than learning, but our ultimate FastPass+ guide makes it easy. It's not just boat rides and roller coasters, between stage shows, evening entertainment and the streetsmosphere, there's a lot to see, most even without having to wait in line. The daily performances of the Lion King Festival in Animal Kingdom and Mickey's Friendship Fair in Magic Kingdom are wonderful views, as are taking to the streets to see Star Wars stormtroopers at Hollywood Studio March of the First Order or a fiery dragon crawling down Main Street, USA at the Magic Kingdom Fantasy Festival. When the sun sets, Disney World comes alive, with three night firework displays and entertainment in almost every park. Shows like Illuminations Epcot: Earth and Fantasmic Reflections! Disney's Hollywood Studios are classic crowd favorites, and the same park's bombastic Star Wars-themed fireworks display is not to be missed. In Spring 2017, Magic Kingdom will present new fireworks and projection shows, and Animal Kingdom will host a new nighttime entertainment, bringing with it additional excitement, even if you've been before. If you're flying to Florida and traveling without renting a car, be sure to take all your needs with you, as there's no drugstore or food market available for Disney transportation. The hotel's gift shops have limited cosmetics, dry goods and medicines, but Disney experts often ship articles such as water and diapers directly to their Disney resort before they arrive. (Expect a handling fee of \$5 per package.) Comfortable shoes are a must — you'll walk more than ever in life — and the weather often changes, so throw in extra layers for the night and poncho in case of rain. No free space in your luggage for souvenirs? Disney gift shops can send your purchases home, no problem. Orlando Airport is the main airport serving Walt Disney World and its surroundings. Guests of Disney-operated hotels receive a free round-trip bus transfer to and from the airport, as well as mco, to Disney's Magical Express; about a 40-minute ride can be up to \$75 using a taxi or \$65 at Uber. UberX transfers at Orlando Airport are not currently available, but this is information about cases on departing flights. Every 20 minutes or so, Disney hotels and shuttle theme parks run a short distance from the front gate of each park in 15 minutes. For this reason, Disney World is completely feasible without a car, but some families prefer one for convenience. Standard parking costs \$20 each day in amusement parks, which can be used interchangeably at all. (Please note that the Magic Kingdom car is located at the nearby Ticket & Transportation Center, which requires an additional ferry ride to reach the park; taxis and Uber run magic kingdom pick-ups and drop-offs from here as well.) There are more scenic options than cars such as Disney monorail, which shuttles guests between Magic Kingdom and Epcot or boats between Epcot and Hollywood Studios. (Transportation to parks using both methods is also available at selected hotels.) As for Uber, Disney's parks have become easier for ride-sharing, but integration across the facility is not yet seamless. If you're trying to find your way through the parks themselves, My Disney Experience offers reliable directions and arrival times. There are plenty of items for Walt Disney World in 2017, but when Pandora - The World of Avatar opens at Disney's Animal Kingdom in May, another major expansion of Walt Disney World will be Toy Story Land, a movie-themed area with rides and larger-than-life props to open at Disney's Hollywood Studios in 2018. There are many more hotel extensions, restaurants and nightly debuts, but the most notable opening will be Star Wars Land, which will open in 2019. © Copyright . All rights reserved.
